

INDEPENDENT AUDITOR'S REPORT

To The Members of Sriam Labs Private Limited Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying financial statements of **Sriam Labs Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its profit, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164(2) of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure-A to the Auditors' Report (referred to in paragraph 1 of our Report of even date to the Members of "Sriam Labs Private Limited" for the year ended March 31, 2019)

On the basis of such checks as we considered appropriate and according to the information and explanation given to us during the course of our audit, we report that;

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets,

(b) All fixed assets have been physically verified by the management during the year in accordance with a phased program of verification which, in our opinion is reasonable having regard to the size of the company and the nature of its assets. According to the information furnished to us, no material discrepancies have been noticed on such verification.

(c) According to the information and explanations given by the management, the title deeds of immovable properties included in property, plant and equipment are held in the name of the company.
- ii. The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.
- iii. The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (C) of the Order are not applicable to the Company and hence not commented upon.
- iv. The company has neither granted loans nor made investments. Hence the provisions of Sections 185 and 186 of Companies Act 2013 are not applicable. Thus paragraph 3(iv) of the order is not applicable to the company.
- v. The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- vi. We have broadly reviewed the books of account maintained by the company pursuant to the Rules made by the Central Government for the maintenance of cost records under section 148 of the Act in respect of bulk drugs and formulations and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained.
- vii. (a) According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company has been generally regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, Value added Tax, Goods and Service Tax, Cess and any other statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2019 for a period of more than six months from the date on when they become payable.

(b) According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, Goods and Service Tax outstanding on account of dispute.

- viii. In our opinion and according to the information and explanations given by the management, the Company has not defaulted in repayment of loans or borrowings to banks. There are no dues which are payable to financial institutions or debenture holders or government.
- ix. Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term Loans. Accordingly, the provisions of clause 3 (ix) of the Order are not applicable to the Company and hence not commented upon.
- x. Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the company or on the company by the officers and employees of the Company has been noticed or reported during the year.
- xi. According to the information and explanations given by the management, the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.
- xii. In our opinion, the Company is not a Nidhi company. Therefore, the provisions of clause 3(xii) of the order are not applicable to the Company and hence not commented upon.
- xiii. According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- xiv. According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) are not applicable to the company and hence not commented upon.
- xv. According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of Companies Act, 2013.
- xvi. According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company and hence not commented upon.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SRIAM LABS PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of Sriam Labs Private Limited

We have audited the internal financial controls over financial reporting of Sriam Labs Private Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Sriam Labs Private Limited

CIN: U24239TG2002PTC038490

Notes to financial statements for the year ended March 31, 2019

(All amounts in Rupees except for share data or as otherwise stated)

1. Corporate Information

M/s. Sriam Labs Private Limited manufactures Active Pharmaceutical Ingredients (APIs) and Pharmaceutical Intermediates meeting the quality parameters of the industry and is dedicated to the mission "Quality designed for excellence" to satisfy their valued domestic and export customers.

2. Basis of preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ('Ind AS'), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued there after.

For all periods up to and including the year ended March 31, 2016, the Company had prepared its financial statements in accordance accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ('Indian GAAP'). Effective April 1, 2016, the Company has adopted all the Ind AS standards and the adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards, with April 1, 2015 as the transition date.

2.1 Summary of significant accounting policies

a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset as current when it is:

- Expected to be realised or intended to sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

b) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of Products

The Company recognises revenue for supply of goods to customers against orders received. The majority of contracts that company enters into relate to sales orders containing single performance obligations for the delivery of pharmaceutical products. Product revenue is recognised when control of the goods is passed to the customer. The point at which control passes is determined based on the terms and conditions by each customer arrangement, but generally occurs on delivery to the customer. Revenue is not recognised until it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur.

Sale of services

Revenue from contract research operations is recognised based on services performed till date as a percentage of total services. The agreed milestones are specified in the contracts with customers which determine the total services to be performed.

Interest Income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable rates.

c) Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

Sriam Labs Private Limited

CIN: U24239TG2002PTC038490

Notes to financial statements for the year ended March 31, 2019

(All amounts in Rupees except for share data or as otherwise stated)

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

d) Property, plant and equipment

Under the previous GAAP (Indian GAAP), property, plant and equipment were carried in the balance sheet prepared in accordance with Indian GAAP on the basis of cost, net of accumulated depreciation and accumulated impairment losses, if any. The Company has elected to regard those values as deemed cost at the date of transition. The Company regards the carrying value as per the previous GAAP as deemed cost at the transition date, viz., 1 April 2015.

Construction in progress, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

e) Depreciation on tangible Fixed Assets

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

	Useful lives estimated by the management (years)	Useful lives as stated in the Act (years)
Factory buildings	30	30
Other buildings	60	60
Plant and Equipment	5-20	5-20
Furniture and fixtures	10	10
Vehicles	4	8
Computers	3-6	3-6

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

f) Intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

g) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

h) Inventories

Raw materials and packing materials are valued at lower of cost and net realisable value. Materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials and packing materials is determined on a weighted average basis.

Work-in-progress and finished goods are valued at the lower of cost and net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads. Cost of finished goods is determined on a weighted average basis.

Traded goods are valued at the lower of cost and net realisable value.

Stores and spares are valued at the lower of cost and net realisable value. Cost of stores and spares is determined on a weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Sriam Labs Private Limited

CIN: U24239TG2002PTC038490

Notes to financial statements for the year ended March 31, 2019

(All amounts in Rupees except for share data or as otherwise stated)

i) Impairment of non-financial assets

Impairment losses of continuing operations, including impairment on inventories, are recognised in profit or loss section of the statement of profit and loss

j) Provisions

General

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

k) Gratuity and other post-employment benefits

Retirement benefits in the form of provident fund contribution and superannuation are defined contribution schemes. The contributions to the provident fund and superannuation fund are charged to the statement of profit and loss for the year when the contributions are due.

The Company treats accumulated leave, as a long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on an actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

l) Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified as "Debt instruments at amortised cost"

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's consolidated balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- (a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.
- (d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115

A handwritten signature in blue ink, appearing to be "S. S. S.", written over the stamp.

Sriam Labs Private Limited
CIN: U24239TG2002PTC038490

Notes to financial statements for the year ended March 31, 2019

(All amounts in Rupees except for share data or as otherwise stated)

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

Trade receivables or contract revenue receivables; and

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- o All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- o Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to interest-bearing loans and borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. Transition date not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

m) Cash and short-term deposits

Cash and short-term deposits in the balance sheet comprise cash at banks and on hand and short-term deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

n) Note on slump sale

As approved by the Board on November 02, 2017, the Unit 2 of the Company situated at plot nos. 22D and 22E, Denotified area, Gurajapalem village, Rambilli mandal, Vishakhapatnam, was sold on 01 December, 2017 to Laurus Labs Limited, a related party, on a going concern basis in accordance with an independent valuation, for a net consideration of Rs. 42,37,93,423/-, received by way of cash.

Sriam Labs Private Limited

CIN : U24239TG2002PTC038490

Notes to Financial Statements for the year ended March 31, 2019

(All amounts in Rupees except for share data or as otherwise stated)

o) Gratuity

Defined Benefit Plans

The Company has a defined benefit gratuity plan and governed by Payment of Gratuity Act, 1972. Every employee who has completed five years or more of service is entitled to a gratuity on departure at 15 days salary for each completed year of service. The following tables summarise net benefit expenses recognised in the statement of profit and loss and the amount recognised in the Balance sheet for the gratuity.

	March 31, 2019	March 31, 2018
i) Net employee benefit expense (recognised in Employee benefits expenses)		
Current service cost	811,297	788,428
Interest cost	333,386	337,561
Expected return on plan assets	-	-
Benefits paid	-	-
Net employee benefit expenses	1,144,683	1,125,989
ii) Amount recognised in the Balance Sheet		
Defined benefit obligation	4,910,481	4,312,750
Fair value of plan assets	-	-
	4,910,481	4,312,750
iii) Changes in the present value of the defined benefit obligation		
Opening defined benefit obligation	4,312,750	4,460,672
Current service cost	811,297	788,428
Interest cost	333,386	337,561
Benefits paid	(290,858)	(482,308)
Net Actuarial (gains) / losses on obligation for the year recognised under OCI	(256,093)	(791,603)
Closing defined benefit obligation	4,910,482	4,312,750

The major categories of plan assets as a percentage of the fair value of total plan assets are as follows:

	March 31, 2019	March 31, 2018
iv) Remeasurement adjustments:		
Experience loss/ (gain) on plan liabilities	-	-
Experience loss/ (gain) on plan assets	-	-
Financial loss/ (gain) on plan liabilities	-	-
Financial loss/ (gain) on plan assets	(256,093)	(791,603)
Demographic loss/ (gain) on plan liabilities	-	-
Demographic loss/ (gain) on plan assets	-	-
v) Remeasurement gains/(losses) recognised in other comprehensive income:		
Opening Balance	2,568,856	3,360,459
Remeasurement for the year - Obligation (gain)/loss	(256,093)	(791,603)
Closing Balance	2,312,763	2,568,856

(a) The principal assumptions used in determining gratuity for the Company's plans are shown below:

	March 31, 2019	March 31, 2018
Discount rate	8%	8%
Expected rate of return on assets	-	-
Salary rise	10%	10%
Attrition Rate	5%	5%

The estimates of future salary increases, considered in the actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The overall expected rate of return on assets is determined based on the actual rate of return during the current year.

[Handwritten signature]

Sriam Labs Private Limited

CIN : U24239TG2002PTC038490

Notes to Financial Statements for the year ended March 31, 2019

(All amounts in Rupees except for share data or as otherwise stated)

(b) Disclosure related to indication of effect of the defined benefit plan on the entity's future cashflows:

Expected benefit payments for the year ending:

Year ending	March 31, 2019	March 31, 2018
1st year	203,957	166,221
2nd year	213,732	231,209
3rd year	224,021	196,528
4th year	304,011	210,620
5th year	241,799	275,892

(c) Sensitivity analysis:

A quantitative sensitivity analysis for significant assumption is as shown below:

	March 31, 2019	March 31, 2018
(i) Effect of 1% change in assumed discount rate		
- 1% increase	597,521	557,351
- 1% decrease	(525,018)	(478,683)
(ii) Effect of 1% change in assumed salary escalation rate		
- 1% increase	(91,467)	(82,666)
- 1% decrease	104,638	94,184
(iii) Effect of 1% change in assumed attrition rate		
- 1% increase	(507,548)	(462,850)
- 1% decrease	597,471	548,934

(d) Defined Contribution Plan

	March 31, 2019	March 31, 2018
Contribution to Provident Fund	1,439,261	2,036,418

A handwritten signature in blue ink, appearing to be 'S. Srinivas', written over the stamp.

Sriam Labs Private Limited

Notes to Financial Statements for the year ended March 31, 2019

(All amounts in Rupees except for share data or as otherwise stated)

p) Liquidity disclosure

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

March 31, 2019:	Up to 1 Year (INR)	1 to 3 years (INR)	3 to 5 years (INR)	> 5 years (INR)	Total (INR)
Non current borrowings	-	530,316	-	-	530,316
Current maturities of non current borrowings	315,372	-	-	-	315,372
Current borrowings	127,558,799	-	-	-	127,558,799
Interest payable	6,442	-	-	-	6,442
Trade Payables	328,602,356	-	-	-	328,602,356
Other Payables	10,437,660	-	-	-	10,437,660
Total	466,920,629	530,316	-	-	467,450,945

March 31, 2018:	Up to 1 Year (INR)	1 to 3 years (INR)	3 to 5 years (INR)	> 5 years (INR)	Total (INR)
Non current borrowings	-	-	-	-	-
Current maturities of non current borrowings	-	-	-	-	-
Current borrowings	195,167,502	-	-	-	195,167,502
Interest payable	69,617	-	-	-	69,617
Trade Payables	219,386,855	-	-	-	219,386,855
Other Payables	7,774,822	-	-	-	7,774,822
Total	422,398,796	-	-	-	422,398,796

q) Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on borrowings, as follows:

	Change in basis points		Effect on profit before tax	
	Increase	Decrease	Increase / (Decrease)	
March 31, 2019				
Indian Rupees	0.50%	0.50%	768,484	(768,484)
March 31, 2018				
Indian Rupees	0.50%	0.50%	964,417	(964,417)

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment.

Notes to Financial Statements for the year ended March 31, 2019

(All amounts in Million Rupees except for share data or as otherwise stated)

r) I) Foreign currency translation:

i) Initial recognition

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that exist when the values were determined.

iii) Exchange differences

Exchange differences arising on the settlement of monetary items or on reporting company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

Transactions in foreign currency are recorded at the exchange rates prevailing at the date of the transactions. Exchange difference arising out of fluctuation in exchange rates on settlement/period end is charged to profit and loss account.

II) Unhedged Foreign Exchange:

a) Forward Contract (Derivatives):

Forward contract outstanding as at Balance Sheet date:

March 31, 2019 Buy US \$ Nil

March 31, 2018 Buy US \$ Nil

b) Details of Unhedged Foreign Currency Exposure:

The year end foreign currency exposures that have not been hedged by a derivative instrument or otherwise are as under -

	Currency	March 31, 2019			March 31, 2018		
		Amount in Foreign Currency	Amount in Rs.	Conversion Rate	Amount in Foreign Currency	Amount in Rs.	Conversion Rate
Secured loans - Buyers credit	USD	-	-	-	531,050	34,541,669	65.04
Interest accrued but not due on borrowings	USD	-	-	-	1,070	69,597	65.04
Trade payables	USD	1,252,155	86,613,189	69.17	1,074,737	69,905,301	65.04
Trade receivables	USD	370,470	25,625,892	69.17	726,892	47,280,049	65.04

c) Foreign currency sensitivity:

The following tables demonstrate the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including foreign currency derivatives. The Company's exposure to foreign currency changes for all other currencies is not material.

	Change in USD rate		Effect on profit before tax	
	Increase	Decrease	Increase/(Decrease)	
31-Mar-19				
USD	1%	1%	(609,873)	609,873
31-Mar-18				
USD	1%	1%	(572,365)	572,365

31. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure in consideration to the changes in economic conditions and the requirements of the financial covenants. To maintain the capital structure, the Company may adjust the return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, borrowings including interest accrued on borrowings, trade and other payables, less cash and short-term deposits.

	March 31, 2019	March 31, 2018
Borrowings including interest accrued on borrowings (Note 13)	128,410,929	195,237,119
